

# HENRY MOULE

SOFTWARE DEVELOPER

## Experience

### CarePlanner Ltd

*JavaScript Developer*

Since November 2019

Working on the newest iteration of their mobile app using React Native which consumes a GraphQL api provided by AWS AppSync as a means to linking it to the CarePlanner REST api.

### Active Inspiration Technologies

*Software Developer*

January 2018 - November 2019

For Active Inspiration I primarily worked on Fuell React Native app however I worked across the stack developing the fuell backend using Node.js and the Parse Server platform. Active Inspiration also had multiple clients who I have developed various solutions for using technologies including React, Node.js, GraphQL and Next.js.

### DYRNAN Communications

*Junior Software Developer*

## Education

### Bachelor of Science (B.Sc.) Computer Science at Oxford Brookes University

4 year course (including a year in industry) teaching Java with a focus on OOP but also included many more modules that covered Python, C/C++, JavaScript and C#. My course also involved a teaching module where I spent a week as a teaching assistant helping teach Python and Scratch at a secondary school. In my final year as part of my final year project I developed a maths game that is currently available on the Google Play Store:

[play.google.com/store/apps/details?id=com.mygdx.equationDragger](https://play.google.com/store/apps/details?id=com.mygdx.equationDragger)

### Queen Elizabeth's Hospital

A-levels: Mathematics (B), Music Technology (C), Religious Studies (C)  
GCSE's: 10 GCSE's including an A\* in music and A's in Maths, History, Biology, Chemistry, Physics and Religious Studies

## Skills

July 2017 - December 2017  
I worked primarily on the frontend using React Native to develop their encrypted messaging app called Secoti (formerly Dyrnan).

### Candour Creative

*Freelance Web Developer*

July 2016 - September 2016  
Candour Creative outsourced some of their development work to me which involved developing the website nicksweeney.co.uk using WordPress as a platform to help develop them a custom CMS (PHP, MySQL, JavaScript, CSS).

### WebCurl Ltd

*Support Representative*

November 2014 - June 2016  
For my work placement at university I spent a year working for WebCurl (a Web Development Agency based in Oxford) where I helped develop their websites using Drupal (PHP, MySQL, JavaScript, CSS).
